AAJA VOICES Fellow | The Seattle Times Digital Intern, Summer 2026 | Incoming Stanford Journalism MA

EDUCATION: New York University (Sept. 2023 – May 2026), BA in Computer Science & Minor in Linguistics

EXPERIENCE

Washington Square News, New York, NY

Digital Director May 2024 - May 2026

- Led the digital presence of the Washington Square News, NYU's independent student news platform and 2025 ACP Multiplatform Pacemaker, with a track record of driving an annual average of over 2,000,000 pageviews.
- Effectively managed and updated the website, created special digital issues and data visualizations, tracked analytics, developed artificial intelligence policy and posted content for around 250,000 followers across social media platforms.

Newsroom Representative Jan. 2024 - Dec. 2024

- Served as the elected liaison between editorial and business teams, regularly sharing reports on newsroom operations, staff concerns and performance metrics to inform organization-wide decisions on resource allocation and strategic priorities.

Multimedia Editor Jan. 2024 - May 2024

- Directed a cohort of 50+ photographers, videographers and illustrators and spearheaded social media growth.
- Coordinated multimedia content for publication, with work featured in The Associated Press and The Guardian.

Deputy News Editor Aug. 2023 - Dec. 2023

- Covered NYU and its surrounding area, writing multiple stories weekly including breaking news and investigative features.
- Managed a network of 100+ news writers and communicated with them to define story angles and publication timelines.

Franklin Templeton, San Ramon, CA — AI and Digital Transformation Intern

June 2025 - Aug. 2025

- Engineered a conversational AI agent with Python, LangChain and Amazon Bedrock to reduce manual lookups by over 50%.
- Led AI literacy initiative for 150+ participants, developing tools and educational materials across technical and business teams.

NYU Tandon Vertically Integrated Projects, New York, NY — Researcher

Aug. 2025 - May 2026

- Led data mining and visualization for the Media, Technology and AI Research group at the Democracy Research Initiative.
- Recovered and digitized a historic Metropolitan Transportation Authority map for the Creative Accessibility in Design team.

Generasian, New York, NY — Media Editor

Dec. 2023 - May 2026

- Produced video content including a long-form documentary on Chinatown and a TikTok series highlighting local food spots.
- Tracked website and social media analytics to present weekly insights and recommendations at executive board meetings.

Ballotpedia, New York, NY — Fellow

July 2025 - Sept. 2025

- Conducted non-partisan research on hundreds of local candidates to help close the information gap for voters nationwide.

TechKnowHow, Cupertino, CA — Robotics Instructor

June 2024 - Aug. 2024

- Taught lessons to teach 60+ K-8 students computer science concepts through Scratch, Minecraft and EV3 Robotics.

Stanford Compression Forum, Palo Alto, CA — Research Intern

June 2022 - Aug. 2022

- Presented original research on climate change misinformation and disinformation on the internet through sentiment analysis on tweets scraped using Python and libraries such as tweepy, pytorch and tweetdeck, visualized data with Matplotlib.
-
